

PRODUCT SHEET

GERM WARFARE™

64x Quaternary Concentrate

A blend of cationic detergents to clean and deodorize surfaces not damaged by water.

Use on:

Synthetic turf fields

Cement slabs after sewer backup

Concentrated. Do not use straight.

Dilute 1 part product with 64 parts water (2 oz /gal = 1/2 oz per quart = 16 mL per liter)

One quart makes 16 gallons of ready-to-use solution.

One gallon makes 64 gallons of ready-to-use solution.

Apply with pump-up sprayer, trigger sprayer, automatic floor scrubber or similar.

Useful for automatic floor scrubbers on cement or unfinished (unwaxed) tile .

For best results, keep surfaces wet for 10 minutes.

For toilet bowls use straight: 2 oz (60mL) in bowl of clean water. Scrub.

Let stand 10 minutes then flush.

NOTE: Toxic to fish. Keep away from natural waterways.
