SMART™

WE
HAVE THE
FUTURE OF
MARKING PAINT
IN THE BAG.

A FIRST OF ITS KIND

PATENT-PENDING, PROPELLANT-FREE DELIVERY SYSTEM FOR SPRAYING MARKING PAINT.

- Reusable device that operates on propellant-free, compression technology to spray paint
- Paint is dispensed using our innovative SpraySmart™ disposable paint pouches
- Designed to be used with existing marking wands

REVOLUTIONIZE

HOW YOU USE MARKING PAINT

The SpraySmart™ system is a patent-pending, propellant-free spray system that provides the same great coverage, color and durability you would expect from a Rust-Oleum product.

- Sprays in any direction, any substrate and in any weather condition
- Strategically designed to fully empty each paint pouch—no waste!
- System fits in existing marking paint wands
- Lightweight design. Device and pouch weigh the same as a full 20 oz. can
- Propellant-free paint pouches are safer to store and ship and take less space

HIGH VOLUME USERS OF MARKING
PAINT CAN SAVE ON STORAGE SPACE.
10 empty SpraySmart™ pouches take up the
same amount of space as one 20 oz. spray can!

SPRAYSMART™ PAINT POUCH

- Custom design allows for quick color changes
- Clear package allows you to see color and how much paint is left
- Empty pouch can be disposed of with regular trash
- Durable pouch material withstands tough handling
- Each pouch marks at least the same linear feet as our popular Industrial Choice® Marking Paint

User-friendly control panel
located on the bottom
of the SpraySmart™ device.

SPRAYSMART™ DEVICE

- User-friendly control panel
- Ready to use in less than 30 seconds
- Smart Electronics self monitors and maintains spray pressure
- Lithium ion battery sprays up to 48 paint pouches when fully charged
- Heavy duty design withstands everyday wear and tear

“SpraySmart is really
easy to use. I like that I
could see how much paint
I have left and that the
paint pouches take up
less space in my truck.
The paint sprayed really
well and was very visible.”
